

Job Posting

JOB REFERENCE 23052AR

POSITION: Senior Environmental Professional

LOCATION: Edmonton or Calgary, Alberta

STATUS: Full-Time, Permanent

THE COMPANY:

Ecoventure Inc. is a growing environmental consulting company focused on providing clients with unparalleled service. Our diverse team takes pride in providing common-sense solutions to complex technical problems. We are committed to safety, professional excellence, technical quality, and client satisfaction in everything we do.

POSITION SUMMARY:

This **Senior Environmental Professional** role in our Calgary or Edmonton Office provides a great opportunity to assist with the Assessment and Remediation group's leadership. The selected candidate will be instrumental in achieving the following project delivery strategic objectives: health and safety, environmental responsibility, client expectations of quality, schedule, and budget; financial performance for project-specific targets; project team and field program expectations; operational performance and business unit expectations, and quality. Technical, organizational, and leadership skills are critical considerations for this position.

The successful candidate will be responsible for providing support in the following areas:

Technical

- Lead Assessment and Remediation focused programs and, as needed, assist with Regulatory and Liability, and Conservation and Reclamation projects
- Project Management of Assessment and Remediation programs, including review of background information, development of scope of work and sampling plan, supervision of field activities, budget and cost tracking, and review and interpretation of results.
- Preparation of Phase 2 ESA, Phase 3 ESA, and Groundwater Monitoring Reports, transitioning to review and professional sign-off of reports based on experience level and technical knowledge
- Review and professional sign-off for Phase 1 ESA Reports for commercial and oil and gas
- Preparation of Site-Specific Liability and Acquisition Assessments
- Preparation and review of Phase 2 ESA scopes of work and Remedial Action and Risk Management Plans
- Supervise and mentor junior staff within the Assessment and Remediation team in all aspects of projects, including project management, coordination, technical reporting and field activities
- Participate and lead field activities for Assessment and Remediation projects on an as-needed basis
- Uphold Ecoventure's strong commitment to the Health and Safety Program and
- Represent Ecoventure in liaising with all levels of stakeholders.

The individual's strengths, experience and preferences will be considered and allocated appropriately.

Qualifications

The successful candidate should possess the following competencies and experience:

- A Professional designation and member in good standing with a professional organization (APEGA, AIA, ASPB, ACPA, CAPF) recognized in Alberta. Dual designations and membership in a partner organization in British Columbia or Saskatchewan are considered assets.
- Meet Professional Declaration competency requirements for the professional sign-off of Assessment and Remediation reports.
- A minimum of 10 years of related work experience.

- Strong understanding of the Regulatory framework in Alberta for assessment and remediation work and site closure, including applicable guidelines, application processes, and reporting requirements
- Graduate-level university education, Subsoil Salinity Tool and Tier 2 certification, and project management experience are all considered assets for this position.
- Strong communication skills with the ability to supervise staff and liaise with clients and regulators.
- Excellent organizational, analytical and problem-solving skills, interpersonal skills, leadership and conflict management, and assisting in coordinating, analyzing, and synthesizing information to develop innovative solutions to problems, working with people, and advising others.
- Strong understanding of computer programs such as Microsoft Office, Adobe Acrobat, Siteview and AbaData
- Current safety, H₂S, First Aid and CPR, WHMIS, Ground Disturbance Level II and clean driving record are all assets for this position.

APPLICATION:

We value people, ethics, integrity, honesty, professionalism, innovation, quality, technical excellence, teamwork, recognition of individual contributions, sustainability, and a satisfying and fun workplace.

We are committed to employment equality and encourage applications from all qualified career seekers. Interested and qualified applicants should submit a Cover Letter, Resume and References to the contact below. Please ensure all applications are concise and highlight the abovementioned qualifications.

Ecoventure offers a comprehensive benefits package, professional development opportunities, flexible/remote work options and excellent compensation.

Thank you very much for your time and consideration in providing your resume to Ecoventure; however, only the prospective candidates will be contacted for an interview.

Please quote the job reference number above in all communication.
